

Most patients that come to our office have one of two objectives in mind concerning their health care. Some patients come for symptomatic relief of pain or discomfort (Relief Care). Others are interested in having the cause of the problem as well as the symptoms corrected and relieved (Corrective Care). Your Doctor will weigh your needs and desires when recommending your treatment program.

Please check the type of care desired so that we may be guided by your wishes whenever possible.

**Relief Care**

Relief Care is that care necessary to get rid of your symptoms or pain, but not the cause of it. It is the same as drying a floor that was getting wet from a leak, but not fixing the leak.

**Corrective Care**

Corrective care differs from relief care in that its goal is to get rid of the symptoms or pain while correcting the cause of the problem. Corrective care varies in length of time, but is more lasting.

Furthermore, I understand that the Doctor's Office will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to the Doctor's Office will be credited to my account on receipt. *I hereby authorize the Doctor to treat my condition as he or she deems appropriate.
